

RITTER FOREST CRAWLER FLEXIBLE AND POWERFUL

FLEXIBLE CRAWLER AND PERFECT CARRIER FOR VARIOUS APPLICATIONS | With the RITTER D40 Crawler winch, attached at the standardized three point category 1 of the vehicle, the forest crawler is a flexible support for the motor-manual wood harvesting. Pulling wood, moving hanging trees or pre-delivering narrow areas that are difficult to access – no problem for the RITTER forest crawler. The powerful 38 PS Diesel motor with mechanical PTO provides perfect power transmission. Not only for winches, but also for various mounted attachments from category 1, such as mulchers, shredders, milling machines, etc.. The standardized three point (including lateral displacement, stroke and pressure, hybrid control circuit), the swiveling motor and the roller chains chassis are only some of the excellent advantages of this vehicle.

Forest protection equipment

BASIC VEHICLE KOMMTEK-ROBOFLAIL VARIO* TECHNICAL DATA AND PRICES

ACCESSORIES / FREIGHT

Extra weights: 2 pairs, each weight 29 kg (overall weight 116 kg)	560.–
RITTER forest protection, consisting of circumferential protective frame and foldable/removable motor protection grill	2.150.–
LED working lights (2 headlights front and back)	550.–
Tool box with and without cover on request	Price on request

All prices given in EURO, exclusive of VAT. Pricing basis Zell a.H.
*Price KommTek RoboFlailVario on request

BASIC VEHICLE KOMMTEK-ROBOFLAIL VARIO

- Radio remote controlled carrier
- Mechanical PTO 1000 rpm left-turning in driving direction
- Swiveling Yanmar Diesel, water-cooled
- Engine output 28 kW/ 38 PS, including Cleanfix fan
- Three point attachment category 1, lateral displacement via radio as a standard, including lower link relief and floating position
- Hydraulic upper link as a standard
- 1 hydraulic control circuit
- 1 pair of weights as a standard (50 kg each = 100kg per pair)
- Deltoid roller chains chassis for perfect ground adaptation
- Rubber tracks as a standard, steel strip on request
- infinitely variable speed control
- Radio remote control, reach approx. 300m
- Length 180cm, Width 125 cm, Height 104 cm
- Weight basic vehicle: 1.250 kg

ADVANTAGES :

- Multipurpose usage
- Can be equipped individually for your requirements
- Very good slope capability
- Fast change of attachment
- Better utilization rate due to various mounting options
- Low ground pressure

Seppi Mulcher with Y-Knives

MOUNTED MULCHER TECHNICAL DATA AND PRICES

SEPPI S5 CABRIO 125 MULLET MULCHER

Working width	1,25 m
Weight	380 kg
Gear	for 1000 rpm
Rotor	with 24 pieces Y-DUO-Knives
with mullet or forestry rotor possible (extra charge)	optionally
Price with lower mounting points	(12400125000) 9.030.-
Wide-angle Cardan Walterscheid	(WALKS-65) 980.-

All prices given in EURO, exclusive of VAT. Pricing basis Zell a.H.

HUMUS SAFETY MULCHER SM 145

Working width	1,45 m
Rotor	Safety-Mulcher (certified for rockfall protection, humus patent)
Drive	PTO
Gear	for 1000 rpm
Price including Cardan SM145	(SM145) 5.650.-

All prices given in EURO, exclusive of VAT. Pricing basis Zell a.H.

The Humus Safety mulcher in use

Swivelling motor in steep slope

Perfect combination of winch and crawler as aid for felling

RITTER D40 CRAWLER TECHNICAL DATA AND PRICES

TYPE	D 40
Mounted winch	Single drum three point
Tractive force max. (kN/t)	40/4
Special skidding blade with short angle for better stability, including multifunctional toolbar for trailer coupling or lower feeder roller	1,50 m
Control (prepared at winch)	via radio in vehicle
Drive	Duplex chain
Cable capacity max.	110m/ 9mm diameter
Minimum breaking force	80 kN
Gear ratio	i = 10,36 for PTO 1000 rpm
Safety actuation	hydraulic
Electric hydraulic control block	12 VDC
Control panel	triple, cable 5m
Color of winch	RAL 7016 anthracite grey
Three point attachment	Category 1
Color skidding blade	RAL 2000 yellow orange
Item no.	(D40-01-00-03)
Base price winch	7.500.-

All prices given in EURO, exclusive of VAT. Pricing basis Zell a.H.

ACCESSORIES / FREIGHT

	D 40
Cable ejector/ Cable feed brake	(D50/SAV) 1.800.-
Steel cable (high performance forestry cable, compacted, with loop)	(09100P) 100 / 109 400.-
Sliding hook	1/2" (53100012) 15.-
Cardan shaft 610 mm	(104061) 110.-
Cardan shaft Walterscheid / 710 mm	(117332) 160.-
Feeder roller below	(00-01-07-105) 330.-
Trailer coupling, pluggable	(00-01-11-108) 150.-

All prices given in EURO, exclusive of VAT. Pricing basis Zell a.H.

RITTER D40 Crawler winch

Usable as mulcher-crawler
